Com. Morgan,

Thank you for your reply and clarification.

Dr. Hailer, Steve McGrath, and myself would like to make the presentation at the time the communication is read. Would Com. Shaw please call on us to do so when the communication is read?

The GNCDCInc. has invited representatives from CTEC, CLEJ to also express their views during the Public Comment period.

With this email we are also inviting a local liaison representative from EPA and DEQ to attend this Council meeting.

May we ask that you suggest to B-SB CEO Palmer that he invite a representative from the B-SB Superfund Division, B-SB Health Department, and B-SB Abatement to also be at this meeting?

Also may we ask that you extend an invitation to MR and ARCO to send a representative at the meeting if they would like?

Thanks again.

R. Edward Banderob, Pres. GNCDCInc.

Hello Mr. Banderob. If you would like to have Dr. Hailer speak at the next COW meeting you will just need to get a commissioner to call either you or her up when they get to that communication. I would have no problem doing it but I will not be at the next meeting. Cindy Shaw will be running the meeting. Let me know if you run into any issues.

Thanks
John.
